

WORKSHOPS

Probabilistic and
Extremal Combinatorics
September 8–12, 2014

Additive and Analytic
Combinatorics
September 29–October 3, 2014

Geometric and
Enumerative
Combinatorics
November 10–14, 2014

Convexity and
Optimization:
Theory and Applications
February 23–27, 2015

Determinism versus
Randomization
in Computation
March 16–20, 2015
(at Georgia Institute for
Technology)

Information Theory
and Concentration
Phenomena
April 13–17, 2015

Graphical Models,
Statistical Inference,
and Algorithms
(GRAMSIA)
May 18–22, 2015

Analytical Tools
in Probability and
Applications
June 22–26, 2015
(at the Euler Institute)

ORGANIZING COMMITTEE

Sergey Bobkov
University of Minnesota

Jerrold Griggs
University of South Carolina

Penny Haxell
University of Waterloo

Michel Ledoux
University of Toulouse

Benny Sudakov
ETH, Zurich
University of California, Los Angeles

Prasad Tetali
Georgia Institute of Technology

ANNUAL THEMATIC PROGRAM

Discrete Structures: Analysis and Applications

September 2014–June 2015

www.ima.umn.edu/2014-2015
