

# Data Science and Supply Chain Management

This three-month program will focus on the integration of data science with supply chain management. The activities will bring both academic researchers in data science and operations research and practitioners from industry to the table to review progress, breakthroughs, promising approaches, and to forge new collaborations. This thematic program will promote the formation of an interdisciplinary research community working together on the frontier of supply chain management.

## WORKSHOPS

### Forging a New Discipline

Data-driven Supply Chain Management

October 3-5, 2018

### From Theory to Practice

Data-driven Supply Chain Management

December 3-7, 2018

## ORGANIZING COMMITTEE

Shipra Agrawal, Columbia University

J. George Shanthikumar, Purdue University

David Simchi-Levi, Massachusetts Institute of Technology

COLLEGE OF  
Science & Engineering

UNIVERSITY OF MINNESOTA

Driven to Discover<sup>SM</sup>

IMA Participating Institutions: Arizona State University, Colorado State University, Georgia Institute of Technology, Indiana University, Iowa State University, Korea Advanced Institute of Science and Technology (KAIST), Michigan State University, Michigan Technological University, Mississippi State University, National Institute for Mathematical Sciences (NIMS), Ohio State University, Pennsylvania State University, Pohang University of Science and Technology (POSTECH), Portland State University, Purdue University, Seoul National University, Texas A&M University, University of Central Florida, University of Chicago, University of Delaware, University of Houston, University of Illinois at Urbana-Champaign, University of Iowa, University of Kansas, University of Kentucky, University of Maryland, University of Michigan, University of Minnesota, Twin Cities, University of North Carolina, Greensboro, University of Notre Dame, University of Pittsburgh, University of Tennessee, University of Wisconsin, Madison, University of Wyoming, Wayne State University, Worcester Polytechnic Institute, Zhejiang University • IMA Participating Corporations: Corning Incorporated, ExxonMobil, Ford Motor Company, Honeywell, IBM, Los Alamos National Laboratory, Medtronic, Microsoft Research, Mitsubishi Electric Research Laboratories, National Institute of Standards and Technology, Sandia National Laboratories, Schlumberger-Doll, Siemens

The IMA receives major funding from Cargill, Inc., Target Corporation, and the University of Minnesota.
